Convenience is a Key Factor With LeashLink™

HARTFORD, CT (March 10, 2010) – When walking the pooch, let LeashLink™ the handy leash accessory carry your keys, poop bags, hand sanitizer and/or whistle.

LeashLink™ unsnaps to loop around and fasten to the top of a leash handle to securely hold keys or other possessions while walking the dog. The product is different than most standard key fobs in that the strap unsnaps to fasten around objects such as the handle of a leash, stroller, or belt loop.

LeashLinks™ are available in 13 fun patterns such as 'Love Bug', 'Whirlwind', and 'Peace Love Dog'. Exclusively-designed patterns are made from a nylon/polyester fabric blend, sewn onto coordinating nylon webbing. Each contains a paw-print snap, complete with a silver metal split ring and bone charm. Hand sanitizer, whistle and poop bag holder accessories compliment the LeashLink™ line.
