Convenience is a Key Factor With LeashLink™

-When walking the pooch, fasten your keys, poop bags, or whistle securely with LeashLink™.-

HARTFORD, CT. (March 10, 2010) – LeashLink™ is a practical and fun leash accessory to hold keys and other possessions. Different than most standard key fobs, LeashLink™ conveniently unsnaps to fasten around objects such as the handle of a leash, stroller, or belt loop.

LeashLinks™ are available in 13 fun patterns such as 'Love Bug', 'Whirlwind', and 'Peace Love Dog'. Exclusively-designed patterns are made from a nylon/polyester fabric blend, sewn onto coordinating nylon webbing. Each contains a paw-print snap, complete with a silver metal split ring and bone charm. Hand sanitizer, whistle and poop bag holder accessories compliment the LeashLink™ line.
